Page : 1 of 1

Description

AF Clean is an aqueous, mild alkaline Cleaner to remove oils, fats, separating agents, glue residues, abrasions and sanding dusts. The refillable Aluminum spray bottle – Air Force- is the optimal complement for this cleaner. This flexible combination allows to fog surfaces up to partly flooding and flushing of blind holes. AF Clean dries fast and leaves only minimal residues.

Application

AF Clean is ready to use and can easily be filled in the Air Force spay can.

1. Fill in AF Clean in the Air Force spay can. Recommended amount: 300 ml.
2. Pressurise (air pressure) the spray can with a tire inflator. Maximum pressure 6.3 bar

Spray, flood, rinse. If needed give short time to work, rinse of, wipe dry – ready.

Concentration recommendations (in volume%) for typical uses of the product:

Air Force	100
-----------	-----

Compatibility with common materials:

Steel / Stainless steel		Aluminium		Non-ferrous metals	
plastics		painted surfaces		Galvanized surfaces	

In the case of sensitive materials, please test the product on a sample or an inconspicuous part of the individual piece before use. If you are unsure, we will be happy to advise you. Further information on labeling, handling and disposal of the product is available from the safety data sheet.

Key to above table :

resistant	limited resistant	not resistant
-----------	-------------------	---------------

Environmental Aspects

AF Clean is VOC reduced. It consists of around 99% readily biodegradable active ingredients, which are partly of renewable origin.

The spray bottle “Air Force” is driven by air pressure. The conscious renunciation of normal aerosol cans and flammable propellants the Air Force system makes a significant contribution to environmental protection and workplace safety.

Classification according to Regulation (EC) No.1272/2008 [CLP]

not classified according CLP-Regulation

Transport information

No dangerous goods according to the transport guidelines

Water hazard class (Classification according to AwSV)

Water hazard class : 1 (Slightly hazardous to water)
